Saatvik Madan

saatvik-10 | Saatvik | saatvikmadan529@gmail.com | +919058945409

Skills

Languages TypeScript, JavaScript, Rust, Python, Go

Technologies React.js, React-Native, Next.js, FastAPI, Node.js, Express.js, Hono, Prisma, SQLAlchemy, PostgreSQL, MongoDB, Blockchain, Hybrid Retrieval, Vector Databases, AWS, Docker, Kubernetes, Nginx, Prometheus, Grafana, Git

Work Experience

Engineer's Cradle, Pune Sep 2024 - Jan 2025

(Frontend Developer Intern)

- Planned and engineered RESTful web services to manipulate dynamic datasets.
- Completed full redesigns of existing websites to improve navigation visuals and SEO.
- Developed user interfaces with modern JavaScript frameworks and Tailwind CSS.

Infosys, Mysore Apr 2026

(App Developer Intern)

- Contributed to backend development for an enterprise-grade application in an Agile team.
- Collaborated with app development teams to deliver scalable, production-ready features.
- Worked across sprint cycles ensuring smooth feature integration and timely delivery.

Projects

RAD Android / iOS

Developed a cross-platform grocery shopping app featuring product discovery, cart synchronization and order management. Integrated backend APIs and Razorpay payments, managed image storage using Cloudflare R2 and implemented database migrations, order lifecycle management and deployment workflows.

RAG Engine GitHub

Built a production-grade Retrieval-Augmented Generation (RAG) engine from scratch for reliable document question answering, implementing hybrid retrieval (Dense Retrieval, BM25, RRF), Cross-Encoder reranking, context engineering, observability, and grounded source attribution using FastAPI, PostgreSQL (pgvector), Sentence Transformers, and OpenRouter.

Better-Omegle Live / GitHub

Built a real-time, Omegle-style video chat application featuring instant matchmaking, private rooms, and live messaging, leveraging resilient session and room state management to ensure smooth, low-latency peer-to-peer connections.

Education

MIT World Peace University, Pune (CGPA: 8.66)
B.Tech Computer Science

Achievements

Odoo 2025 Hackathon Finalist
